FRIDAY & SATURDAY • 9AM - NOON & 1PM - 4PM

About The AutoCross:

GOODGUYS will be running the Street Challenge AutoCross at nine events across the USA. Registered participants will have the opportunity to put their Street Rod or Street Machine through the paces to test their driving skills and see how their car handles in a performance situation. The course will be laid out inside the event venue and will have plenty of turns and curves to test even the best-tuned suspension among other things. Your vehicle does not have to be an air suspended vehicle to participate.

All participants will be timed and at the end of the event, one winner from each of the Street Rod and Street Machine classes will take home an award and a gift certificate from BFGoodrich, redeemable for a set of tires. The prizes will be presented during the Sunday awards show.

Seat belts and a valid drivers license are required and you must be 18 years or older to drive the course. Just bring your registered/street legal vehicle to the Street Challenge tech area to get inspected and you are ready to run.

GOODGUYS STREET CHALLENGE AUTOCROSS SPONSORS:

INFORMATION FOR THE STREET CHALLENGE AUTOCROSS AT GOODGUYS EVENTS

What is an AutoCross?

AutoCross – Probably the least expensive means to get involved with motorsports. AutoCrosses are held most weekends around the country. AutoCrosses are held in big, wide open parking lots. A course is set up using orange pylons, and a driver then negotiates the course, as quickly as possible. Each car is timed, and hitting cones will result in time penalties.

AutoCross events are “Time Trial” style competitions; there is no wheel to wheel racing involved, as cars are sent out one at a time.

In general, a course is laid out using traffic cones; time penalties will be charged for disturbing cones. For most clubs the penalty is 2 seconds per cone.

Where is the AutoCross?
