If you do not have a seller's permit and are not an exempt or occasional seller you MAY NOT sell at this event. A temporary seller's permit can be obtained at any local Board of Equalization office, at no cost to you. The business address on your temporary permit should be the address of the temporary selling location. The mailing address is your permanent place of business or residence.

Persons who exclusively sell exempt property such as fresh produce or cold food products for consumption off the premises are not required to have a seller's permit. Occasional sellers are persons who will not be making a series of sales sufficient in number, scope and character to constitute an activity requiring the holding of a seller's permit. Occasional sellers typically include persons who have cleared out their garages of their own used items, and sell only those items.
